2\textsuperscript{nd} March 2016

Notice 016 - 2016 Grade 1 Science

Dear Parents/Carers

For part of our science topic of ‘up, down and all around’ the children will be making miniature gardens on Monday 7\textsuperscript{th} March in small groups.

We will provide the tubs for making the garden, soil and sand but hope you will be able to collect some coloured stones, natural stones, sticks, small succulents etc. This does not need to be a big outlay.

The children are really looking forward to creating their own garden so any little garden items will be gratefully received.

Thanks for your help,

The Grade One Team
