Dear Parents/Caregivers,

Powercor have advised of a scheduled interruption to the electricity supply TOMORROW - Wednesday 13th July from 9.30am to 1.00pm.

Due to the interrupted power supply and the impact this will have on our ability to provide a warm learning environment – no heating and no lighting - we will be running an alternative program.

Parents are welcome to keep their children home from school if they think this is appropriate.

Please contact Leesa in the office on 5571 9295 if you have any questions.

Yours sincerely

Sandra Bourne
Acting Principal
